

## From the communications team.....

Dear Members,

As you will know the MCG has moved to the Paperless Post invite system as Anyvite has now closed down. We are concerned that some of you are either not opening or not rsvping to the invitations sent. A guide to the Paperless Post invite system is included in this month's Newsletter below.

If you are attending any MCG events it would be very much appreciated if you could volunteer to do the Website/Newsletter write up every now and again. It is getting harder and harder for us to get anyone to volunteer. Reviews are important for the Communications team to be able to provide an informative and interesting Website & Newsletter.

## President's Message

Dear Culture Lovers:

Did you know that the Malaysian Culture Group has a library?

Indeed you will find our library on the 7th floor of the Meritz Condominium to the right of the elevators. It is usually open when we host a lecture at The Meritz. Last spring I was organizing a trip up to Ipoh and to do my research I found the Malaysian Culture Group library a rich resource of travel guides and historic books. A huge thank you to Dori Levai who has served as the MCG Librarian! Dori's commitments out of Malaysia find MCG hoping that you would like to join the committee as the new librarian. The Librarianship is quite a flexible job and best of all you will become part of the camaraderie of the General Committee! Please email me directly if you would like to learn more: dianadaymond@gmail.com.

On September 18th we hosted our Annual Open House welcoming many new members. At your next event please seek out a new face, introduce yourself and maybe even plan to meet again at the next MCG event. A huge debt of gratitude goes to the committee members who dedicated significant time and creativity to the success of the Open House. Special mention must go to the event chair, our Vice President AyLing Liem and all the ladies who put together the inspiring special interest group tables.

Hoping to see you at many upcoming events.

## A Guide to the Paperless Post Invite System

As the Anyvite invite website that the MCG has been using for the last few years has now shut down we are now using the Paperless Post (PP) invite system. A few PP invites have been sent out in the last couple of months so we would like to go through the steps required to register with PP.

1. For each general member event organised by the Events Planning Team you will receive a personal invitation as per the one to the left from PP.
2. You can reply to the invitation directly from this page by either clicking the "will attend" or "will not attend" links, which I have circled, at the top of the page.
3. If you would like more details of the event please click on the "view the card" link at the bottom of the page, also circled. This page will have general details of the event plus a map. Scroll down the newly opened page to "Note", this is where you will find full details of the event, including special instructions. if necessary.
4. You may also rsvp from this page by clicking "Will Attend" or "Will not Attend" links under the title of the event.
5. It is important that you both open and rsvp to each of the PP invitations that you receive. PP is set up to send out reminders weekly to those that haven't opened or rsvped to a specific event. If you don't want to receive these constant reminders the best thing to do is just "open & rsvp" to the various PP invitations.
6. PP sends out individual personalised invites to all on the MCG address list so unfortunately you can no longer forward an invite link to friends to enable them to register on their own behalf. If you would like to bring a friend to one of our events please send us a message or comment in the comment section letting us know your guest's name/names via PP. If you have any queries about a specific event please also send us a message via PP.
7. Please ensure that you add paperlesspost@paperlesspost.com to your contact list to make sure you receive all MCG invitations.
