Incoming President's Message

Salam Sejahtera,

It is with great humility and deep gratitude that I accept the role of President of the Malaysian Culture Group (MCG). I am truly honoured by your trust and confidence.

When I joined MCG in 2019, it was with the simple hope of building new friendships. Little did I know how deeply this organization would shape my life. Encouraged by my dear friend Ay Ling, I began my journey on the Committee as a Member-at-Large, also serving as Co-Convenor of Enak!, and then as Vice President under Ay Ling's inspiring leadership.

Through these years, I've come to appreciate not only the richness of Malaysian culture, but also the diverse cultures of our members, also the warmth, creativity and generosity that define the MCG community. Our shared passion for cultural exploration and connection continues to make MCG a truly unique and meaningful space.

This year, as we continue to offer enriching activities, we also look ahead to an important milestone: MCG's 45th anniversary in 2028. While it's still a few years away, this gives us an exciting opportunity — starting now — to build toward that celebration by strengthening our community, welcoming new voices, and deepening our impact.

Incoming President's Message

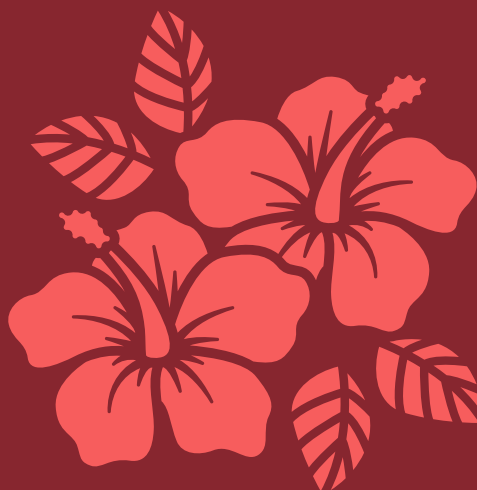

I would like to express my heartfelt thanks to all who made our recent EGM and AGM a success. Your efforts, from registration to decorations, photography to ushering, and managing communications, created a memorable event. To the Committee and many volunteers, thank you for your dedication and enthusiasm. As I take on this role, I invite each of you to join me in carrying forward our shared vision and mission: To enrich our members' knowledge and appreciation of Malaysian and Southeast Asian cultures, and To be an outstanding organization for those interested in these cultures.

There are many ways to get involved — participation is the lifeblood of our community, spread the word, invite friends and family, celebrate our activities, serve on the Committee. Together, we can continue to create meaningful experiences and lasting friendships. I warmly welcome Nabila Ahmad and Dana Newberry to the Committee, and I look forward to working closely with them, our existing team, and all of you.

I would also like to extend special thanks to Ay Ling Liem, for being a steadfast mentor and friend, and to Angela Wijaya, for her unwavering support. To the many members who support MCG in ongoing ways — through communications, Events, Enak!, the Book Groups, Explorers and our internal auditors — thank you. Your work behind the scenes sustains the heartbeat of this organization. Let's continue working together, not only to honour MCG's legacy, but to shape an even brighter future — one that will culminate in a truly memorable 45th anniversary just a few years from now.

With gratitude and best wishes,

Corinne Sibert
President, Malaysian Culture Group (MCG)

Meet your new Vice President

Nabila

I've been a proud member of the Malaysian Culture Group since 2010 and over the years, it has become a meaningful part of my life in Malaysia. As a newcomer to the country back then, I found not only information and support, but also a truly warm and inclusive community that helped me settle in.

From the beginning, I've been an active participant in the book group, where we explore a thoughtfully curated selection of literature. These books have opened up windows into the diverse cultures, histories, and voices that shape this part of the world. More recently, I've joined the Enak! group, where we celebrate Malaysia's rich culinary heritage through shared meals and experiences that reflect the unique flavours of the country. It's been an enriching (and delicious!) way to deepen my understanding of Malaysian identity.

I truly admire the Malaysian Culture Group's dedication to raising awareness of the country's diverse cultural heritage through its engaging talks, tours, workshops, books, and food events. Their commitment to fostering cross-cultural appreciation and connection is something I've benefited from—I feel fortunate to be a long time member and part of such a passionate and purposeful community .

Nabila Ahmad
Vice President

2. black coffee, with sugar
3. coffee with condensed milk and sugar
4. coffee with evaporated milk and sugar
5. coffee and tea mix

For a bonus point, which of the above pictures doesn't belong...and why?
